

Baseball Player Management System

Status Report 2

Seth Friman, Sophie Lefebvre, Grace
Michael, Tara Sawhney, Jason Stitt

Completed Items

- Roster class
- Player class
 - Batter and Pitcher child classes
- Game Manager class
 - Random game generator

Outstanding Items

- Roster class produces dataframe with players and their stats
- Lineup generator class with random pitcher generator
 - Batting lineup (pick best batter versus pitcher; not optimizing)

Demo

- Random game generator

The background is a dark gray field filled with various geometric shapes. There are several orange shapes, including a large hexagon at the bottom center, a smaller one on the left, and several thin orange lines and dots scattered around. A large, dark gray, irregular polygon is positioned behind the text.

THANKS!
